<b>Project</b>	Basic Intermediate
<b>Outlook</b>	½ Day Course

From the whole team, we'd like to wish you a

*Merry Christmas  
And a  
Happy New  
Year!*

## Company news

Up to the end of November we have already delivered 92 courses with 84 of them being Excel courses!

Excel has always been our most popular course as it is used so frequently and heavily in businesses of all industries.

As well as our standard courses, we have run quite a few bespoke courses where we have built the course content around the clients data. Making the course even more tailored to their needs.

This next year marks our 30<sup>th</sup> year of being in

business and we are having a small celebration to mark the occasion early next year. I comment on how things have changed over those years in my book (which is mentioned as some news on the next page).

30 years in business is an amazing milestone and we thank you all for your support over the years and during 2025.

We wish you all a happy Christmas and a successful New Year.

John Legge  
Managing Director
